Sky made a suggestion.

"Let us fill this land with
life to welcome our Ryogans."

And though Earth
and Light agreed,

Darkness thought
otherwise.

"The beings that are
to come will destroy us."

But none listened to Darkness,
and so life began on Earth.

Even beings without
legs to those that possess
tens and thousands of them.

From plucking species to races that
endure for thousands of years. These
were those that swam the ocean's depths
and those that soared high in the skies

The living organisms
began to see, hear and reason.

And as they did, they longed
to know more, to sense more, to feel
more of the world around them.

And so the earth was filled with ever-changing organisms.

One day, a Miyage
beast with three eyes

assumed the form of a human;

she became the
very first Argentus.

All Argentus
were chosen each according
to their own desires.

Darkness chose a Argentus from among the intelligent
free persons, just as would the children of perished ones.

For Darkness
had seen that

these selfless names
had elevated them.

However, Darkness' decision
bore a terrible consequence.

His desires had wrought
transformations within him that
stripped him of his authority.

And, that transformation
brought forth change that spread

from an ancient three-eyed serpent

who, in turn,
spread it further.

as though it were a
disease plaguing the world.

This change spread
at an unprecedented pace

and repused the
decision he had made.

Over and over.

*Darkness, following the laws of the world,
was not allowed to intervene.*

*All he could do was
to watch over the
consequences of his choice.*

They denied; they destroyed; they stole; they trampled;

they expelled; they banned; and they condemned.

They continued to pursue over the waters and the lands.

They spilled blood; then they spilled more blood and even more tears.

Screams, cries and shuffling came to a stop.

Wax brought forth a change,

which they, again, denied, trampled, and ripped apart.

This neverending cycle continued –

*Darkness, drowning in
his own shame and
suffering, agonized over
the problems he had caused.*

*"How did things
turn out this way?"*

*"What was so wrong
about my decision?"*

"Was it so wrong to want
to end the cycle of change
in order to bring stability?"

Time had long since swallowed Earth and Sky

and just as the last star was falling out of the world,

light, who had enveloped the world, disappeared,
and brought with it an unwanted revelation.

LONE PLANK

Ahh...

There was nothing left but to despair and die.

Darkness stayed from his path.

Earth, Sky, Sea and the roads disappeared.

And so, Darkness, who had appeared at the End of the World,
wept and wept,

never to be seen again.

Never...

BOOM

BOOM

RUMBLE-

DARK! ATTACK EREN!

BOOM

KKKK-

IT'S AN "ORDER!"

BOOM

DARK!!

BOOM

It's useless.
The *Akemon* cannot
attack me.

Although I now
dwell in this vessel,
I was once their "god."

LOVE PLAIN

If you want to
destroy me, you can't
use an *Akemon*.

In other words,
I can only be attacked
by humans. Take yourself
for example.

But I must say
you take after your father.
But you and he grew used
after getting involved
with it sooner.

In fact, your
judgement has greatly
improved since that

...What...?

Are you the
parasitoid?!

Have you been
controlling me this
entire time?!

BOOM

Everything I've done!
was it all instigated by you?
Even my words?!

Now now
calm down, my young
human prince.

BOOM

I can't create
something from
nothing.

Though
I did push things
along a little.

There's no
need for you to be
concerned.

Even if I had not
intervened, your actions
would not have altered.
Such things are within
your nature, after all.

But for you to be
so easily suppressed
and weakened was
honestly disappointing.

Dark,
Capture that
human.

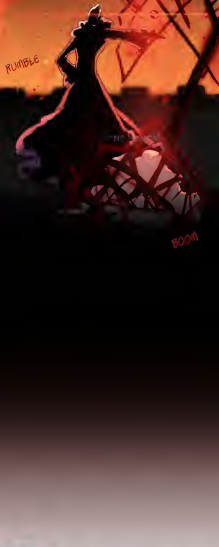

HACK

It would be a waste to leave the Spear of Zafnarak in the hands of a defective product.

**THE KING HAS
DISAPPEARED,
YOU SAY?!**

BRAND!

He's been missing
since the morning.

How is the
search going?

It continues,
but to no avail.

The king's health
continues to decline and
his memory is disintegrating.
He needs rest in order to
recover and, yet—

How could he just
go off somewhere
himself?

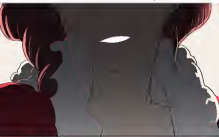

Especially
at a time like this,
when so many have
died and the court is
in disarray.

Silence!

The kingdom is
currently falling apart.
This is no time for
us to flounder.
